

Hello Biathlon Orienteering Friends!

Estonian Biathlon Orienteering Federation co-operated with clubs and persons will organize the Biathlon Orienteering World Championships in **August 16th-20th Jõulumäe, Pärnumaa** (first bulletin will be announced as soon as possible but at least in March).

Championships in Estonia will be held at the same time with Estonian Orienteering Championships (Classic+relay). But We changed little-bit timetable compared with last year vision. As my opinion was: at first - to give a change to compete for national runners participated 18.08. in classic distance orienteering with their clubs; and second - for help our organizing team completion.

They have already booked Jõulumäe Recreation Centre and all competition terrains (0-12 km from CC) near Jõulumäe, with possibility to use 50 m shooting range approximately 12 lines (we need to add targets) and we improvize other shooting ranges if needed. So, possible we needed help with shooting targets from our swedish friends, but we fix this details later.

Competition centre Jõulumäe is one of the best ski-centre in West-Estonia, situated 25 km south of Pärnu, 160 km from Tallinn and 170 km from Riga Airport. Look: <http://www.joulumae.ee/index.php?id=34>

Thu August 16th

Arrival day

Training event in Metsakülas - organizer OK West, we add map reading exercise demo

Shooting training if possible
